PROJECTS

2026

Störungsbild. Il fotogramma perturbante (The Uncanny Frame)

Interactive audiovisual installation, exhibited at the Accademia Albertina on 12/10/2026: a generated face disintegrates following the body of the viewer (Kinect V2, TouchDesigner, Max 9).

2026

L'altare cibernetico (The Cybernetic Altar)

Generative audiovisual installation on three panels (TouchDesigner): the kick, bass and high frequencies of the track deform wireframe skeletons and a central mandala.

2026

latency

Video, final project for the Digital Choreography course: algorithmic editing in Python driven by the track (Aphex Twin) and body tracking with MediaPipe.

2025

Slut Commandments

Video mapping on six vertical panels arranged in a semicircle: close-ups of bodies and lips synchronised with the track, between glitch art and VHS aesthetics.

PUBLICATIONS
